10th NORDIC-BALTIC CONFERENCE
 on BIOMEDICAL ENGINEERING

Regional Meeting of IFMBE

June 9-13, 1996
 Ragnar Granit Institute
 Tampere University of Technology
 Tampere, Finland

FIRST ANNOUNCEMENT

Map of Scandinavia, A. Lafferi, 1572, based on an original of Olaus Magnus, 1539.

1996

June 9-13

**Ragnar Granit Institute
Tampere, Finland**

Organized by

The Ragnar Granit Institute
Tampere University of Technology

in cooperation with

The Finnish Society for Medical
Physics and Medical Engineering

under the auspices of

International Federation for
Medical and Biological
Engineering

Deadlines

First Call	Jan. 1995
Final Call	Sept. 1995
Deadline for Abstracts	Jan. 1996
Notification of acceptance	Feb. 1996

Satellite symposia

June 7-8. Midnight Sun Symposium
in Lapland on Technology Transfer
Between Research Institutes and
Industry.

June 14-15. Tallinn, Estonia, Sympo-
sium on Physiological Measurements.

Commercial Exhibition

In connection with the conference
a commercial exhibition will be
arranged.

Tutorial Courses

Tutorial courses will be arranged in the
fields of bioelectromagnetism, signal
processing and image processing.

Additional Activities

The social program includes a
get-together, conference banquet
and additional events for
accompanying persons.

Invitation

The Ragnar Granit Institute will host the 10th Nordic-Baltic Conference on Biomedical Engineering in June, 1996. The conference continues the series of Nordic Meetings on Medical and Biological Engineering. Due to the changing political scene in Northern Europe we are extending the list of primary participating countries to include, in addition to the Nordic Countries, those bordering the Baltic sea. These are Estonia, Latvia and Lithuania as well as Poland and Germany. In addition to the aforementioned, the conference will be open to representatives from all other countries of the World.

I cordially welcome you to the 10th Nordic-Baltic Conference on Biomedical Engineering.

Jaakko Malmivuo
Professor, Ragnar Granit Institute
President of the conference

Conference themes

The scientific themes of the
conference will include the entire
field of biomedical engineering
and medical physics.
