

International Society for Bioelectromagnetism, ISBEM

The International Society for Bioelectromagnetism, ISBEM, was established in 1996. The President of ISBEM is Prof. **R. Martin Arthur**, Washington University, St. Louis, USA. The purpose of the Society is to promote the advancement of the science of bioelectromagnetism and in furtherance thereof:

- to facilitate the dissemination of new knowledge in bioelectromagnetism
- to encourage new research in bioelectromagnetism
- to sponsor International Conferences on Bioelectromagnetism.

by promoting meetings, lectures, discussions, seminars, and conferences and by any other appropriate means. The Society has an annual membership fee. Students and senior citizens pay no fee. www.isbem.org

International Journal of Bioelectromagnetism, IJBEM

The Society established in 1999 the International Journal of Bioelectromagnetism, IJBEM. It is a peer-reviewed scientific journal in the field of bioelectromagnetism. It is available on the Internet free of charge to all persons interested.

For the members of the ISBEM, publishing in the IJBEM is free of publication charge. For non-members the charge is 250 €.

The IJBEM is indexed in several standard indexing services like Google Scholar. IJBEM has close co-operation with the ISBEM and the ICBEM. www.ijbem.org www.isbem.org/ijbem.htm

International Conference on Bioelectromagnetism, ICBEM

The Society sponsors bi-annually organized International Conferences on Bioelectromagnetism, ICBEM. The ISBEM members obtain discount from the conference and symposia registrations. The full list of ICBEMs may be found from www.isbem.org/conferen.htm

For more information, please contact the Secretary General of ISBEM:
